1 Paws Developer's Studio

Version 1.37.10

Release date: July 21, 2009

1.1 Critical Items

1.2 Known Limitations

1.3 Enhancements

1.3.1 PR07079

The ability to change font size in PAWS is very useful, e.g. making the font size smaller in the message section in order to display more text on the screen. The font size in the 'FindResults' tab is also controlled via the "Options" → "Editor" ... "Message" font selection.

1.4 Problem Reports

2 Run Time System

Version 1.37.10

Release date: July 21, 2009

2.1 Critical Items

2.2 Known Limitations

2.3 Enhancements

2.4 Problem Reports

2.4.1 PR 09081

Starting with version 1.37.0 PAWS/RTS code base was migrated and built with Visual Studio 2008. With this version of Visual Studio, Microsoft has enhanced/changed its implementation and use of iterators. Within the 'SwitchServer' component, code related to the use of iterators was incorrect. This issue has now been fixed.
